

Principal's Message

We wish everyone a very happy, healthy, and safe spring season as we head into warmer weather, melting snow, and the burgeoning life spring brings with it.

If you haven't already done so, please "Like" the school Facebook page for updates and last minute changes in scheduling or updates on upcoming events.

We ask that students come to school with clothing to match the season; toques and mittens for morning recess as it is still a bit chilly, and; mud pants, rubber boots, and coats because by lunch, things are wet and muddy. Students will enjoy themselves more if they are dressed for the weather and it is so wonderful to be outside right now!

With spring, always comes some new sports for students to participate in. Running club will be starting after the long weekend with practices held at lunch on Monday and Wednesday to start, and adding more as the race season starts to get closer. We ask that the community watches for students on the road ways at lunch time (Signage will be put out to indicate running club is in session) to avoid any near misses. We also encourage parents and caregivers to come and join our students for a lunch time jog!

We will be having a raffle for some decorative benches closer to Mother's Day in May. Please watch for posters and Facebook updates for images of the available prizes and information on how to purchase tickets to support our field trips and sport teams!

Yours in Education,

Dr. Rea Postoloski
