- 15th Fiddles
- 22nd School Assembly @11:15
- 23rd No School – Heritage Day
- 26th No School – Curriculum Redesign PD

Principal's Message

The days are getting longer and we're taking the opportunity to use them to the fullest! The warm weather is allowing travel and our month is packed full of visitors and trips.

Our school is currently borrowing a laser cutter and students will be able to create and print designs. We are planning to use the technology, not only for artwork, but also for a few fundraisers that we will roll out in the coming months.

We are very proud of our hockey players, who went to Whitehorse with Robert Wiseman & Rea Postoloski to compete in the Yukon Schools Elementary Hockey Tournament. Their great attitude and enthusiasm earned them the sportsmanship award, Congratulations Kayce, Tristan, Dawson, Katelyn, Annali, David, Kingston, and Emily Ann!

Our grade 6 students will also be attending the Polar Games this week to represent our school and communities.

Anyone who would like to be involved, share knowledge, volunteer, or sign up as a substitute teacher should get in touch with us at the school.

As always, feel free to stop by for a chat!

Sincerely,
Amber Dumouchel, Principal

Star Students

KG: Sophie

1/2/3: Liam & Lorelai

4/5/6: Kingston

7/8/9: David

Student Led Portfolio/ Parent Conference

February 8th is the date for our student led portfolios. This an opportunity for parents to view their child's learning, the progress that their child has made, and to establish further goals and next steps for their child's learning in conference with the teacher.

In the afternoon, students will lead separate conferences with their parents simultaneously, exact times will be sent home on Monday the 5th. This will be an excellent opportunity for students to own what they are learning in alignment with the new curriculum.

During the meeting parents will receive a copy of their child's revised goals (either paper or in a digital portfolio). We encourage you to ask questions and share your thoughts about the process as we transition into our new way of showing student learning.

Candy Grams

This year the grade 7/8/9 class will be organizing candygrams. They will be available to purchase shortly.

Valentine's Day Lunch

This month Teslin School will be hosting a Spaghetti lunch by donation for valentine's day. Come down for noon on the 14th to be served up a heaping plate of spaghetti and garlic toast.

Money from the fundraisers will be used to purchase technology and provide programing for students. Gunalchéesh for the help!
